

## Unit 2 Research Project Part 1a

1. Choose a topic
2. Create a sociological question to be researched.  
Your question should be one that:
  - lends itself to sociological analysis
  - has more than one plausible answer
  - you can get the information to answer
  - is answerable in the page length allotted (10-15)
3. In a paragraph state the rationale for the question and the project: in order to understand how/why/what
